- Passive coating provides maximum visible light and allows warmth to enter your home during winter
- Single Layer Energy Efficient Coating
- Blocks 71% of UV rays
- Year round comfort and savings

Upgrade Your Glass

(Choose either or both options)

Anlin Sound Package Noise Reduction System

Anlin's Sound Package with sound suppression technology may be added to any of Anlin's High Performance Glass Packages. This noise reduction system reduces outside noise by up to 50% compared to typical dual pane windows.

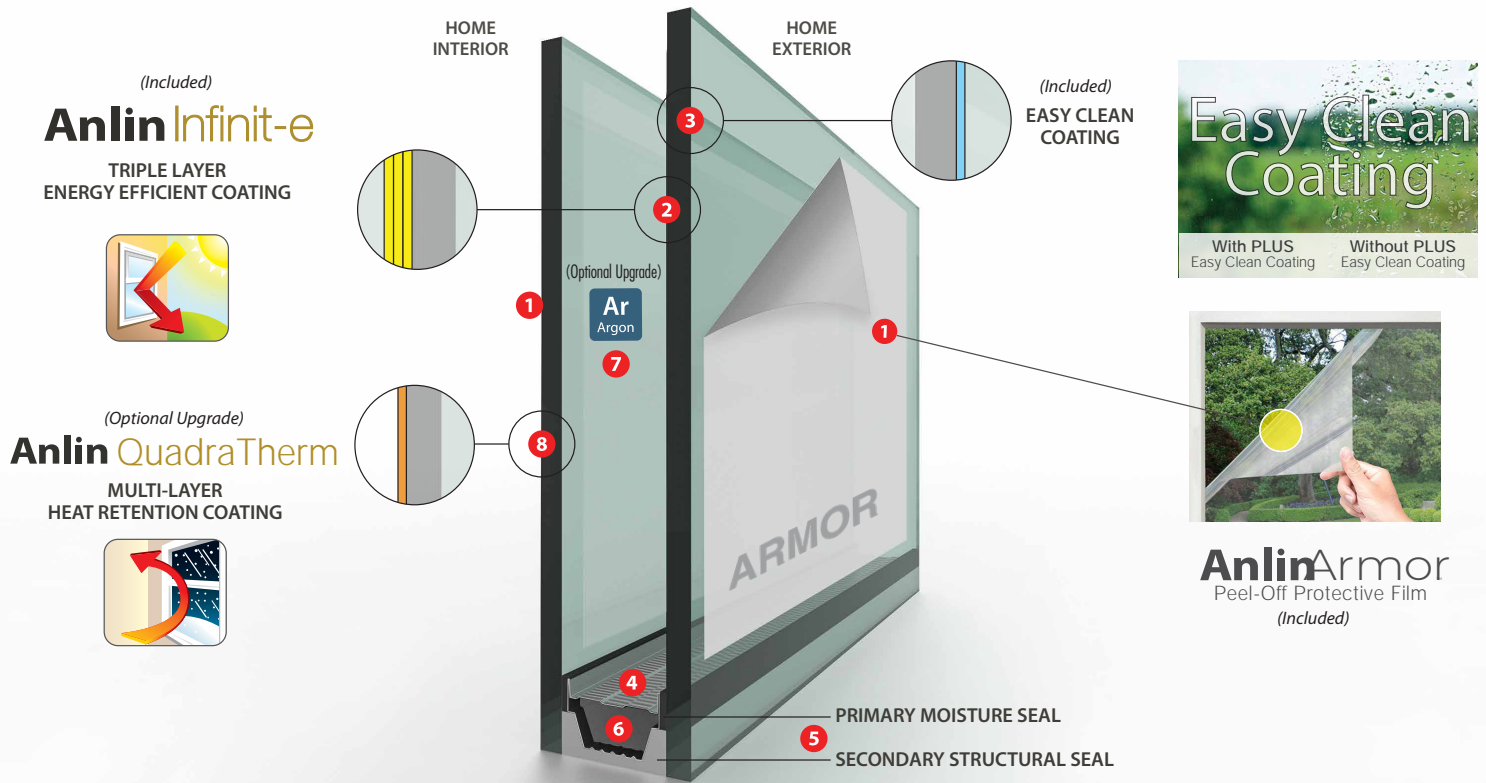

Anlin QuadraTherm Heat Retention Coating

Combine Anlin QuadraTherm with any of Anlin's High Performance Glass Packages for even greater heat retention inside your home on cold days and nights.

Anlin High Performance Glass

Anlin windows and doors are designed and built for optimum performance using the latest energy saving technology, providing maximum savings in any climate.

- 1 Anlin Armor:** An easy peel-off protective film that keeps your windows in pristine condition throughout manufacturing, delivery, and installation.
- 2 Infnit-e:** A triple layer energy efficient coating that reflects and substantially reduces the amount of solar heat entering the home, from a hot summer sun.
- 3 PLUS Easy Clean Coating:** An exterior coating that harnesses the sun's UV rays to break down dirt, keeping your windows cleaner longer.
- 4 Platinum Elite Spacer** The most advanced, thermally efficient, commercial rated, low conductance warm edge spacer in the industry.
- 5 True Dual Seal** A moisture vapor barrier (black), fused with a commercial rated structural silicone (gray), assures lifetime durability.
- 6 Moisture Stop** An advanced silica drying agent that continuously extracts any moisture vapor from within the unit.
- 7 Argon Gas** An invisible layer of insulation that slows the transfer of heat through the Insulated glass. (Optional upgrade in Infnit-e Plus, Included with QuadraTherm)
- 8 QuadraTherm** A heat retention coating that helps keep more warmth inside your home on cold days and nights. (Optional Upgrade)

Please consult with an Authorized Anlin Dealer to determine the best choice and or combination of Anlin's high performance glass packages to ensure maximum energy savings year round.

See reverse for additional glass packages and options.
